The Google Promotion Award Team has discovered a huge number of double claims due to winners informing close friends relatives and third parties about their winnings and also sharing their identification numbers. As a result of this, these friends try to claim the lottery on behalf of the real winners. The google promotion award committee has reached a decision from the headquarters at the United Kingdom that any double claim discovered by the Lottery Board will result to the disqualification of the winners lottery. So you are hereby strongly advised once more to keep your winnings strictly confidential until you claim your prize.

Congratulations from the Staffs & Members of the Google interactive Lottery Board Commission.
